The Jennings Nursery

JENNINGS, LOUISIANA,
Eleventh Year.

HO does his duty is a question
to complex to be solved by me
But he, I venture the suggestion,
Does part of his that plants a tree.

—LOWELL

If Lowell were alive today he would have
said a "Pecan Tree."

We are omitting lengthy descriptions of
the various trees and shrubs offered in this
list but all of them are dependable. We do
not offer our customers anything of question-
able or unknown merit. We list several kinds
of Pecan and fruit trees to give greater va-
riety and longer season but all are good and
adapted to this section.

Ex-Governor Hogg, of Texas, just before he died made
this request: "I want no monument of stone, but let my
children plant at the head of my grave a Pecan tree and at
the foot of my grave a Walnut tree."
